Humor Therapy: Just What the Doctor Ordered

Wednesday, October 21, 2020
Noon to 1 pm EST

To register, please click **HERE**

What's great about humor is that you don't need a prescription to get a dose of something that's good for you. Today's special is a huge slice of humor therapy. The goal of this program is to make you laugh, smile, as well as offering tools to help you feel less overwhelmed by the realities of a diagnoses or treatment. Caregivers are welcome too!

Our speaker, Richard Satterwhite, works for Roswell Park Comprehensive Cancer Center as the Patient Engagement Specialist, where he specializes in leadership development, communication, team dynamics and the patient and family experience. He also has over 25 years of experience as a professional comedy improviser. John Costin, an entrepreneur and nbmtLINK board member will share his many tips for living his fun-filled BEST life post-transplant. Jen Gillette, our licensed staff social worker will facilitate this program. There will be time for questions. If you have tech questions, contact Peggy at (248) 770-5172 or peggyburkhard@nbmtlink.org

We acknowledge and thank the following Link Partners for their ongoing support.
