GVHD and Steroids: Let's Explore the Love/ Hate and Other Options

**Wednesday, July 21, 2021
Noon to 1 pm EST**

To register, please click [HERE](#)

This month's telephone educational and support program will focus on the love/hate of steroids as they relate to chronic GVHD. Dr. Masumi Ueda Oshima, Assistant Professor and Assistant Medical Director for the Inpatient Adult BMT Program at Fred Hutchinson Cancer Research Center and Seattle Cancer Care Alliance/University of Washington will break it down for us and share her expertise. Sharde Fultz, a chronic GVHD survivor, will share her personal experience including details about how she has managed steroid use and GVHD through the years. The nbmtLINK's licensed staff social worker, Jennifer Gillette, will facilitate the program. There will also be plenty of time for live questions.

We acknowledge and thank the following Link Partners for their ongoing support.

American Society for Transplantation and Cellular Therapy (ASTCT) • Barbara Ann Karmanos Cancer Institute • Blood and Marrow Transplant Program at Northside Hospital • Center for International Blood and Marrow Transplant Research (CIBMTR) • City of Hope • Dana-Farber/Brigham and Women's Cancer Center • DKMS • Froedtert & the Medical College of Wisconsin Cancer Network • Henry Ford Stem Cell Transplant & Cellular Therapy Program • Incyte Corporation • Memorial Sloan Kettering Cancer Center • Meredith A.
