

2023 GvHD NATIONAL SYMPOSIUM

Friday, October 13th, 8am-5pm
Embassy Suites by Hilton
Cleveland Rockside, Independence, OH

**All physicians & health professionals,
PhD's, and postdocs are welcome!**

We hope you'll join us for this truly unique conference, the only one of its kind in the world focused solely on Graft vs. Host Disease (GvHD)—a complication that affects over 60% of bone marrow transplant recipients. Since 2010, the Meredith A. Cowden Foundation—in partnership with the Case Comprehensive Cancer Center, National Cancer Institute, and Cleveland Clinic Taussig Cancer Institute—has been honored to host this collaborative event.

Together, we're shining a spotlight on cutting-edge breakthroughs in GvHD research and treatments to improve the lives of thousands of people living with the disease.

The James
